InstaFloor products on show at Project Qatar

InstaFloor will be using [PROJECT QATAR](#), the country's most important construction industry exhibition, to showcase their unique range of environmentally friendly products.

Project Qatar 30 April - 3 May 2012

- [InstaLay](#) - A revolutionary range of environmentally friendly acoustic underlays.
- [InstaTile](#) - A range of high performance, anti-fatigue 'Ecoback' carpet tiles.
- [InstaCradle](#) - A versatile range of recycled rubber crumb acoustic and sports cradles.

This exhibition follows InstaFloor's recent installation of 22,000m² of InstaLay 65 at the Crowne Plaza Hotel in Doha and 75,000m² of InstaCradle acoustic flooring in the Athletes Village for the London 2012 Olympic Games.

All of InstaFloor's innovative products incorporate high quality rubber crumb, derived from recycled tyres, which provides exceptional anti-fatigue, underfoot comfort, superior acoustic properties and excellent impact energy absorption. Each product has been carefully selected, designed and manufactured to ensure that outstanding cost-effective results are obtained for all required applications.

Arrange a meeting with InstaFloor

You'll be able to see the InstaFloor ranges at Project Qatar, the Doha Exhibition Centre on the **KTS Stand No. G208, Hall No. 02**.

If you would like to arrange a specific time to meet with us and discuss our products at PROJECT QATAR, please email sales@instafloor.co.uk. We'd be happy to schedule a convenient time for you.
