

Welcome to the InstaFloor Newsletter

New InstaFloor distributors provide national coverage

InstaFloor has now appointed four main distributors to stock its innovative range of InstaLay Peel & Stick underlays. Between them, these major flooring distributors will provide full coverage throughout England and Wales.

This high performance, environmentally friendly, acoustic underlay is quick and easy to use, avoids mess and delays and cuts installation times considerably, significantly reducing costs.

InstaLay with its unique adhesive membrane is ideal for use under most types of wood, carpet, carpet tiles, LVT's and sheet flooring, and is now available from the following distributors:
