

# INNOV8 FLOORS

## LEATHER

### Advanced innovation, with exquisite design

The leather floating floor from INNOV8FLOORS is a leather fibre produced from genuine, recycled chrome-free leather, natural latex, natural oils and natural tanning agents.

It has a unique environmentally resilient anti-scratch coating combined with exquisite design providing an extremely durable floor that creates a unique ambience within any room.

It can be installed using the Click System on Instalay 30LG / Dry Back on Instalay 25HG or alternatively can be supplied with our **MAGNAFLOOR** magnetic backing to be installed direct to metal raised access flooring or floating on Ezy-Install magnetic flooring underlay.

A sensual floating floor to enhance and awaken the senses.

### Advantages of Leather

#### NATURAL PRODUCT

INNOV8FLOORS leather flooring is manufactured from genuine recycled chrome free leather, natural latex, natural oils and natural tanning agents.

#### EXQUISITE DESIGNS

Leather is an elegant and superior material, this is reflected in our unique leather designs for every possible taste: from traditional natural colours to elaborate reptile effect type skins.

#### CHROME-FREE LEATHER

Our leather floors are manufactured from leather that has been tanned without chrome and is entirely free of substances hazardous to health.

#### SOFT TO WALK ON

The leather flooring is comfortable to walk on and is gentle to the ankles and feet providing a unique natural experience. The cork backing provides thermal insulation and sound reduction properties.
